If a person, or an animal, or a bird sees him while he's flying, he will fall out of the sky and almost certainly die. Will he risk flying in public, just for a shot at being something more than ordinary? The third book in this brilliant new series contains two complete stand-alone stories, broken into short chapters, liberally illustrated with hilarious cartoons.

Complete guide! Its such a great study. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
