## A DRAMATIC LIFE: HOW TO JOURNEY WITH ELEMENTARY THINKING (PAPERBACK)

Outskirts Press, United States, 2012. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In the new millennium, the definition of a single word has changed. A word which in its basic form, gives broad strokes to so much in its new role in our lives . DRAMA. The word drama is now the descriptive catch-all for events, not even catastrophic. Events which can alter the course of a moment, day or even change one's life. Throughout this book, you will see instances of drama that may seem to be the same as another already listed. But, that's how drama is, coming around again unless you stop it. Life has a concentric cyclic basis, having the ability to have events come back which you can predict by your choices, good or bad. This book is about taking the drama and eliminating how we got there, what it was that made circumstances gather into a storm of change. As we go, hopefully you will see how to break down events into elementary morsels. In your journey through life, there are ways to apply logic and ethics to place yourself outside of the drama. The word drama has a large role and is otherwise the real foundation of this book. Drama is the new word for troubles or everyday problems we face. I will show you some dramatic situations and their resolution using the concept of Elementary Thinking. To some of you, this may seem like a book about the negative things in life. Instead, use this as a way to look back, learn and even laugh at the peaks and valleys of life . Your life. This book is about the most powerful force on earth, something anyone...
