

## The fine chemicals Series - Functional Polymer Materials (YGS)(Chinese Edition)

Filesize: 2.82 MB

### ***Reviews***

*This pdf is wonderful. We have go through and so i am certain that i am going to going to study yet again once more in the future. Its been developed in an exceedingly straightforward way which is merely after i finished reading through this pdf where really transformed me, modify the way i think.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :1998-01-01 Publisher: China supplies the basic information about the title: the fine chemicals Series - Functional Polymer Materials (YGS) List Price: 35 yuan Author: Wang editor of Press: China Materials Publication Date: 1998 - 01-01 ISBN: 9787504712578 Words: Page: Revision: Binding: Folio: Weight: Editor's Summary function of polymer composite materials basic research synthetic organic chemistry. quantum chemistry. condensed matter physics. medicine. modern optical and microelectronic multidisciplinary mutual penetration. cross each other. Therefore. the application of research and practical is also showing a new situation. It is no exaggeration to say that without functional polymer synthetic material. there can be no modern microelectronic technology. optical fiber communication technology. modern clinical medicine. new energy . Seen in this light. called functional polymer materials is leading to one of the new materials for the 21st century. it is not too much. Functional Polymer Materials is a knowledge-intensive high value-added products. But we should clearly recognize that it is in the research and development on high investment. industrialization is full of competition and risk. The value of the materials not only in its performance. more importantly. its application and commercial value. The only comprehensive solution to the material properties. processing. applicability. economic efficiency a series of questions in order to become a social demand for goods. be careful to consider the significant investment of human and financial resources in this regard. Moment at the turn of the century. mankind is about to enter the door to the 21st century. biotechnology. information technology and new materials research and development will be more rapid. major breakthrough is likely to occur. breeds social outlook of human life. new changes. After ten years of reform...
