GAO found that: (1) the financial records presented fairly the financial position of the Coalition as of December 31, 1990 and 1989, and the results of its operations and its cash flows for the years then ended, in conformity with generally accepted accounting principles; and (2) there was no provision for any liability that might result from the settlement of a dispute with the District of Columbia regarding whether certain Coalition salaries were exempt from unemployment compensation taxes. A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
