Commodity Derivatives And Risk Management

By RAJIB, PRABINA

PHI Learning, New Delhi, 2014. Soft cover. Book Condition: New. Over the last decade, commodity derivatives trading in India has undergone a significant growth, and has surpassed equity derivatives trading. The book covers almost the entire spectrum of commodities traded in the Indian commodity market, including agricultural commodities, crude oil, base metal, precious metal, electricity, carbon, weather, freight, real estate, and water. A distinguishing feature of the book is that it lucidly explains the peculiarities of various commodities, delving into their technical and historical details. As commodity market in a country cannot function in isolation, commodity contracts traded in other international exchanges, like LME, CME, The Baltic Exchange, Nordpool, etc. have also been discussed in detail. Commodity derivatives contracts, such as futures, FRAs, options, Tapos, swaps, spreads (crush, crack, dark and spark), collars, ETFs, Contract for Differences (CfDs) and cool bonds, etc. have been discussed extensively in the book. Fundamental factors associated with different types of commodities have been dealt with to develop a deeper understanding of the peculiarities associated with various commodities. This book documents the case studies involving important commodity price manipulations and frauds in commodity derivatives trading. These have been analyzed to bring out the necessity and...
