ACE THE GMAT: MASTER THE GMAT IN 40 DAYS (PAPERBACK)

Maven Publishing, United States, 2016. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****. ACE THE GMAT is based on a simple but powerful observation: Test-takers who score high on the GMAT exam do so primarily by understanding how to solve a finite number of the most important, recurring problems that appear on the GMAT. What are these important, recurring problems? The answer to this question is the basis of this book. This manual provides in-depth analysis of over 200 all-star problems that are key to mastering the seven major GMAT problem types including Problem Solving, Data Sufficiency, Sentence Correction, Critical Reasoning, Reading Comprehension, Analytical Writing, and Integrated Reasoning. Apart from providing readers with answers and full explanations, a special feature of this book is that each problem is categorized by type (classification), rated by difficulty level (chili rating), and supplemented with a problem-solving strategy (snapshot). Whether you re a candidate already enrolled in a test-prep course or are undertaking self-study, this book will serve as a rigorous skill-building study guide to help you conquer the math, verbal, analytical writing, and integrated reasoning sections of the exam. Studying for the math and verbal sections of the GMAT exam requires some 100 hours of study time. This book s content is conveniently divided into topics, which require two to three hours of study time per day. Total study time will vary between 80 to 120 hours for the entire 40 days. *Complete coverage of the math, verbal, analytical writing, and integrated reasoning sections. *Track your progress using a specially designed 40-day checklist. *Take ownership of your exam and gain the confidence you need by building real skills. *Learn to identify the different types of math...
